

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. * * It was intended that this Account should contain a complete list of all the Meetings in America, with the times of holding them, &c.; but difficulty in obtaining the requisite information has prevented the accomplishment of the entire plan. Measures are now in progress in some of the Yearly Meetings which will supply the deficiency in a future edition.

The figures prefixed to the Meetings for Worship and Preparative Meetings, refer to the Monthly Meetings to which they respectively belong.

NEW-YORK YEARLY MEETING OF FRIENDS

Was set off from New-England Yearly Meeting, in 1677, and was held at Flushing, L. I., until 1777: it was then removed to Westbury, and held there until 1794, in which year it was removed to New-York City.

Whether there was more than one Quarterly Meeting within its limits, at that time, is not certainly known. In the Records of Flushing Meeting, it is stated that a Quarterly Meeting was held there in 10th mo. 1677; and in 1685 it was concluded to hold it at Flushing in 3rd and 9th months, and at Oyster Bay in 6th mo.—and at Jericho in 12th mo.

The number of Monthly Meetings cannot be readily ascertained, few of the Records being in existence or accessible. It appears, from the Records of Flushing Quarterly Meeting, and from the Journals of George Fox and J. Burnyeat, there were several, mostly on Long Island; it is believed they sent their Reports direct to the Yearly Meeting.

1st Friends Library, Phil.
